

English as a Foreign Language 2024-2025

EFL Playgroup Classes

Playgroup sessions are in English and are suitable for children aged 3-6 years regardless of what language they speak at home. Our teaching staff are multilingual and take care to ensure that each child can follow the class activities. Children begin to be exposed to the English language during these classes in a happy and relaxed atmosphere. Various activities such as painting, crafts (cutting, colouring, glueing, assembling etc) and singing are offered at all levels.

During classes there is also time available for free and imaginative play with our many toys to further the development of social skills. The children also learn theme-based and activity songs throughout the year. All playgroups work with letters and numbers at the appropriate playgroup level, introducing basic readiness skills for kindergarten and school.

Special care is taken to offer activities that enable each child to participate at their own level and ability. Children are encouraged to attend classes twice a week whenever possible to promote language, socialisation and fine-motor skills.

EFL Reading & Writing Classes

Our English as a Foreign Language (EFL) classes focus on the four skills of reading, writing, listening and speaking. There is an emphasis on activities that develop both oral and written comprehension from beginner to advanced levels.

These classes are for children who have limited opportunities to practise and develop their English skills. Children are individually assessed to ensure that they are placed in the most appropriate class for their age and ability.

For our older beginners (EFL1o) and from EFL3, children have the possibility to take a Cambridge English: Young Learners test (Starters, Movers, Flyers). Test fees are not included in the **ESP's** term fees and will be charged as an addition. The tests are taken in June.

All the levels described here are intended as guidelines only. The teaching staff will be pleased to answer your questions about your child's capabilities and progress during the school year.

By the end of the school year, your child should be able to:
