

Distance Learning Private Classes

These private classes allow students to study remotely whilst still having one-to-one interaction with a teacher. These classes are adapted to meet each student's specific needs, based on their level of English as well as on whichever skill(s) the student may wish to focus on. This can include working on pronunciation, building vocabulary as well as grammar and examination preparation. Distance Learning classes are available for both adults and children.

Each class normally lasts for 45 or 60 minutes but other class durations are possible. A Distance Learning class is normally scheduled for the same time each week, but this can be varied for students with irregular schedules. Any student course books used in the classes will normally be ordered and paid for by the student.
