

Distance Learning Private Classes

Distance Learning private classes allow students to study remotely whilst still having one to one interaction with a teacher. These classes are individually tailored to each student's specific needs, based on their level of English as well as on whichever skill(s) the student may wish to focus on. This, for example, can include working on pronunciation, building vocabulary as well as grammar and examination preparation. Private classes are available for both adults and children.

The duration of an adult class normally lasts for 1 hour, non-adult classes normally last for 45 or 60 minutes, but other class durations can be accommodated by arrangement. A Distance Learning class is normally scheduled for the same time each week, but this can be varied for students with irregular schedules. Any student course books used in the classes will need to be ordered and paid for by the student.
